

Welcome Neighbors to our Centerville Conservation Day

As this is our first such event, we have prepared a comprehensive agenda to provide information for all interests and ages. Do not feel you have to attend each event but we hope that we can provide information to help you better understand the unique nature of Centerville Conservation and how we can best live within the expectations of such an outstanding place.

10:00 Peter Kleinhenz Florida Fish & Wildlife Conservation Commission Peter will share with us information on how to comfortably live with our wildlife neighbors and introduce us to a Naturalist that will provide you the tools to identify those plants and critters that we share our neighborhood with.

11:00 Sandy Beck with St. Francis Wildlife Association will present "the Wild Classroom" Come meet and learn about the critters living among us: Owls, Hawks, Tortoise, Snakes and other neighbors of our area.

11:45 Lunch

Centerville will provide BBQ meat and drinks, please sign up to bring a dish to share on our Sign-Up Genius. (Insert Link here)

1:00 Mark Tancig of the UF/IFAS office will share the Nine Principles of a Florida Friendly Neighborhood and how you can have a beautiful natural looking yard and provide an environmentally friendly neighborhood.

2:00 Jeremiah Cates of Tall Timbers will give a presentation on how and why we use Prescribed Fire in our neighborhood and its benefits to the land and its occupants. Following will be a demonstration Prescribed Fire for everyone to share and learn from.
